AN INTRODUCTION TO FANTASY FLIGHT SUPPLY BOARD GAME SLEEVES

Fantasy Flight Supply board game sleeves come in a variety of sizes, accommodating the most common card sizes of games from the United States and Europe. Packs of board game sleeves are color-coded so that when you go to the game store to buy sleeves, you can easily identify the kind you need. All Fantasy Flight Supply board game sleeves come in packs of 50 sleeves, and are made of clear, 100 micron-thick, non-PVC, acid-free polypropylene plastic. This means that the sleeves are durable, difficult to tear or crease, and are free of chemicals that will corrode the cards within the sleeves. The sleeves are also designed to fit cards snugly, to make shuffling and handling easy.

A GUIDE TO SLEEVING YOUR FANTASY FLIGHT GAMES

This document is designed to make determining the type and quantity of sleeves you will need to sleeve and protect your Fantasy Flight Games. On the list below you will find games listed in alphabetical order, with expansions listed below core games. On the same line as the product name, you will find, in one or more colored circles, the number of 50-sleeve packs required. The colors of the circles indicate what type of sleeves you will need. For example, **5** indicates 5 packs of Mini American Board Game Sleeves.
