## Time Topics

- When pairings are posted, the round start time will be announced approximately 3 minutes later.
- When a round starts, it will be announced along with the round end time. You can find the round end time at each pairings location and near the result slip basket. If you need to leave, be sure to return by that time.
- If you are assigned a bye for a round you must report to and wait at Flight Control until 5 minutes have passed in the round. This allows proper correction of any pairings and ensures that you receive any associated prizes.
- If a player is less than 5 minutes late, please call a judge when they arrive; a corresponding time extension will be given.
- If a player does not arrive at their table by 5 minutes after the start of a round, they will be dropped. Their opponent must raise their hand and call a judge at that time and will receive a win. The dropped player can report to Flight Control to be re-enrolled.

## Result Slip & Records

- Each round, you will receive a result slip. Always verify your table number, name, and current tournament points and Margin of Victory.
- At the conclusion of your game, next to your name, mark if you won, write the number of points you destroyed in your opponent's fleet plus the number of points you scored via objectives, and initial. Only write in or mark the last column if you are dropping! The winning player must immediately bring the slip to Flight Control and place it in the basket.
- Leaderboards will be posted after certain rounds. Check and verify your tournament points and Margin of Victory. Mistakes cannot be corrected after a leaderboard becomes final.
