

# CALL of CTHULHU<sup>®</sup>

## THE CARD GAME

The Zoog are a new addition to the *Call of Cthulhu LCG*, and these characters bring with them a new resource icon. This icon is there to remind players that the card is a Zoog card, and that its ability may be triggered (at the discretion of the player who controls the domain) whenever the attached domain is drained. As a resource, the Zoog icon functions as a neutral resource.
